isotropic的意思

1、n./adj. 各向同性(的);均质;均质的;迷向(的);无向性(的)

isotropic的双语例句

1、The normalized factorial moments (NFM) show good scaling properties in isotropic partition of phase space;

发现：三维归一化阶乘矩（NFM）的分布呈现出很好的标度特性；

2、The paper begins at electric ruin phenomenon of the electric heating converter, using electric isotropical properties of the nesa sets up one-dimensional grain line model, and gives a equilibrium energy band diagram and band tail states profile of grain line model.

从电热转换元件的电毁现象出发，利用膜材料电性能的各向同性的性质，建立了一维晶粒列模型，给出了晶粒列模型的平衡态能带图和带尾态分布；

3、Isotropical conductive adhesives filled with silver nanowires

填充银纳米线各向同性导电胶的性能

4、In the paper it is shown that in isotropical noise field acoustic energy flux is maximum likelihood ratio detector, its direction is maximum likelihood estimation of source direction.

本文证明在各向同性噪声场中声能流是最大似然比检测量，声能流方向是声源方位的最大似然估计；

5、By taking the stagnation action of flow into consideration, the analytical solutions for computing drawdown and pumping rate is derived under the conditions of homogeneous, isotropical unconfined aquifer without recharge and of fixed drawdown in the pumping well.

文中推导出了在均质各向同性无、下补给、定降深抽水条件下，考虑滞流作用时的变边界井流问题水位降落曲线及井的出水量的解析公式。

6、This paper studies the technology of preparing isotropical Nd-Fe-B magnetic through powder injection molding process. At the same time, the eventual magnet quality of Nd-Fe-B bonded magnet affected by magnetic powder by milling, filler surface treatment, binder, magnetic powder loading was discussed.

本课题围绕粉末注射成形的工艺过程，研究了磁粉细化，磁粉表面处理和粘结剂种类，磁粉装载量对注射成形粘结Nd-Fe-B磁体性能的影响。
